### The Lake Dredge Diversions

Whilst the Lake Dredge work is being carried there will be machines working to remove the silt 12 hours a day, 5 days a week until early 2023.

We will be taking the silt that's removed up to High Park. So that we can do this safely, we have a compound and haul road in place, which means that the Queen Pool 'loop' won't be accessible whilst the work is taking place. Please see below for details of where the work will be happening and the diversions in place.

### Footpath closures and diversions

- Temporary Diversion Route
- NO ACCESS. Footpath Closed. No Public Access
- Bridleway
