**GREAT
WEST WAY®**

OUR STORY

My name is Jules. I'm the founder of **AROUND & ABOUT BATH**. As a former history teacher and keen traveller who is passionate about the local area, I felt that many visitors to Bath – both from home and abroad – were missing out on the local places and experiences that I love. **AROUND & ABOUT BATH** was created to allow curious, discerning travellers to experience more than the usual, and to offer a service which treats guests like friends and family, taking them to places that we'd want to take our own friends and family. As we would with our own loved ones, we go to extraordinary lengths to take care of you and provide you with the best and most immersive experiences in the local area.

THE GREAT WEST WAY

The Great West Way links London with Bristol through 125 miles of twists and turns and new discoveries. Based on one of the first Great Roads commissioned by the Kings of England, the Great West Way winds its way through lush green landscapes filled with the world-famous and the yet-to-be-discovered.

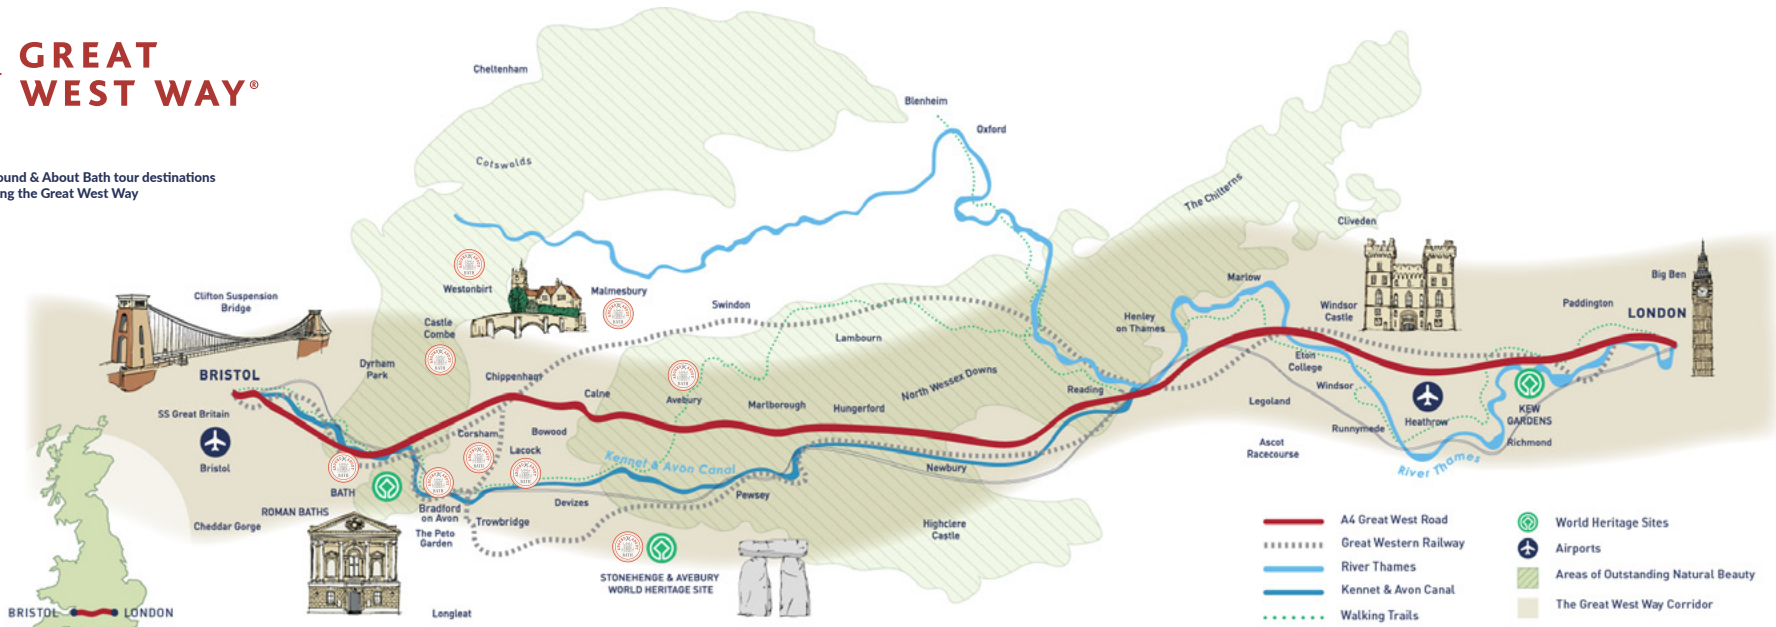

On an Around & About Bath Tour along the Great West Way, extraordinary history rubs shoulders with everyday life. Tours immerse you in local history, taking you to traditional pubs and inns with World Heritage Sites on their doorsteps where you can sample the finest craft ales and

extraordinary, local farm food. Enter churches which have watched over their parishes for centuries. Journey down paths taken by generations of travellers and discover an essential strand of England.

Across the following tours, Around & About Bath will help you uncover the secrets of the Great West Way. It's England undiluted. It's England concentrated.

TESTIMONIALS

“One of the best days ever, the stones did not disappoint and neither did the guiding, just wonderful. An extraordinary company and approach that will change tourism.”

MAISHA FROST

Editor of the Business & Enterprise Section, The Express

“Rather than talk at you with rehearsed stories and a regurgitation of historical facts and figures, Jules immediately engages with you as a friend. He instinctively knows what parts of local history will fascinate you, and recounts the stories as if he experienced them first hand. His connection to Bath and its surrounding areas is felt in every story he tells and in each interaction with the locals we encounter along the way. His relationships with both clients and locals is the foundation of what makes his company so great.”
